**Did you make a MISTAKE
by financing your car at the dealership?**

Re-finance the loan with your trusted credit union. Even if their rate is lower than ours, we may be able to match it (restrictions apply).

Our members like keeping their loans local. Often, when you finance at a dealership, the loan is from an institution you have never heard of or have no relationship with.

When you finance with us, the interest you pay supports higher dividend rates for you, your family and your colleagues who have accounts here at the credit union.

Give us a call to learn if we can lower your payment or rate. We are happy to help.

Help us reach our goal of over 1000 members signed up for Online Banking- Wouldn't you like to have your credit union account information at your fingertips?

If so, visit our website NOW and enroll. Once enrolled, you can download and use our App on your mobile device.
